Vol. 10 No. 1

New Technologies in Transfusion: Monoclonal Antibodies

Guest Editor: **T.J. Hamblin DM, FRCP, FRCPath**
Royal Victoria Hospital,
Bournemouth, U.K.

CONTENTS

EDITORIAL 1
Gail A. Rock

EDITORIAL: New Technologies in Transfusion: Monoclonal Antibodies 3
T. J. Hamblin

Monoclonal Antibodies in Blood Group Serology 5
D. Voak

Monoclonal Antibodies: A New Class of Reagents in Cancer Therapy 15
Andrew J. Larner

Modifications of Monoclonal Antibody for Immunotherapy 27
T. J. Hamblin

***Ex Vivo* Manipulation of Bone Marrow Grafts with Monoclonal Antibodies** 39
A. J. Bell

REGULAR PAPERS

Plasmapheresis Procedure Design and Operation: A Consideration of Citrate Anticoagulant Usage 51
Alan F. Penny

Leukotrap, a Device for White Cell Poor Platelets Quality Control Studies *In Vitro* and *In Vivo* 57
M. Sternbach, J. Champagne, W. Rybka, M. Paquin

Plasma Exchange in Refsum's Disease: Case Report and Review of the Literature 63
N. A. B. Anderson, T. Kyriakides, D. H. Pamphilon, M. J. Campbell

Evidence for a Beneficial Effect of Plasma Exchange in Severe Active Lupus Nephritis 69
Randolph D. Christen, Gerald Keusch, Jürg Gmür, Hans Ruedi Burger, Ulrich Binswanger, Paul Frick

Vol. 10 No. 2

The Changing Face of Transfusion Practices: Autologous Blood and Other Alternatives to Routine Transfusion

Guest Editor: **Margot S. Kruskall, MD**
Beth Israel Hospital, Boston
Massachusetts, U.S.A.

CONTENTS

EDITORIAL: The Changing Face of Transfusion Practices: Autologous Blood and Other Alternatives to Routine Transfusion 77
Margot S. Kruskall

Autologous Blood Collection: The Hospital Perspective 79
Samuel H. Pepkowitz, Frederick B. Axelrod, Dennis Goldfinger

Autologous Transfusion Services: The Role of the Regional Blood Center 89
Ronald O. Gilcher

Acute Normovolemic Hemodilution During Surgery 101
Linda Stehling

Autologous Blood Salvage During Elective Surgery 107
David H. Yawn

Safety of Autologous Blood for Homologous Transfusion 117
Mark A. Popovsky, Margot S. Kruskall

Autologous Blood: A Greater Risk for the Homologous Recipient .. 125
Brenda J. Grossman, Alfred J. Grindon

The Arguments for Directed Donations 131
Vincent Yalon, Herbert A. Perkins

The Case Against Directed Donations 139
Myra L. Collins, Larry R. Churchill

REGULAR PAPERS

Therapeutic Plasma Exchange and Cyclosporin A in Severe Systemic Lupus Erythematosus 147
Rolf Bambauer, Bernd Reinelt, Hans Pees, Gerhard Schwarze, Hans Erich Keller, Richard Berberich

Rapid Large Scale Screening of Blood Donor Plasma for IgA Deficiency, Confirmation and Quantitation 155
R. Munks

Vol. 10 No. 3

Medical Devices: Transfusion Medicine Enters a New Age

Guest Editor: **Edward L. Snyder, MD**
Yale–New Haven Hospital, New Haven
Connecticut, U.S.A.

CONTENTS

INTRODUCTION: Medical Devices: Transfusion Medicine Enters a New Age 161
Edward L. Snyder

NOTE FROM THE EDITOR-IN-CHIEF 163
Gail A. Rock

Blood Processors and Cell Separators 165
David Ciavarella

Operative Red Cell Salvage and Auto-transfusion 185
Richard S. Eisenstaedt

Platelet Rotators, Infusion Pumps and Blood Warmers 199
Elizabeth Cummings

Characteristics and Clinical Application of Blood Filters 207
Linda A. Chambers

Use of Blood Cell Irradiation in the Prevention of Posttransfusion Graft-vs-Host Disease 219
Susan F. Leitman

Quality Control for Computers in Blood Banks 233
Stanley C. Roberts

Detection of Markers for Transfusion Transmitted Viruses 241
Chyang T. Fang

HEMAPHERESIS LISTENING POST 251
Edward L. Snyder

REGULAR PAPERS

Donation of Factor VIII by Plasma Exchange After DDAVP Administration 253
B. Noel, E. Coudurier, G. Brochier

Immunological Studies on Women Receiving Leukocyte Immunotherapy 257
David C. Kilpatrick, William A. Liston

New Version of Heat-Sealed LE-2® Polyolefin Container With Improved Gas Permeability for Storage of Cytapheresis Platelets ... 265
T. Shimizu, K. Kouketsu, T. Kamiya, H. Futagawa, S. Hirose

Vol. 10 No. 4

Fractionation of Apheresed Plasma for Factor VIII and Factor IX

Guest Editors:
E. Angela Robinson, MBBS, FRCPath
Yorkshire Regional Transfusion Centre, Leeds, U.K.
and
James K. Smith, BSc, PhD
Plasma Fractionation Laboratory, Churchill Hospital, Oxford, U.K.

CONTENTS

EDITORIAL REVIEW 271
A. E. Robinson, R. S. Lane

NOTE FROM THE EDITOR-IN-CHIEF 277
Gail A. Rock

A Small-scale Model of Factor VIII and Factor IX Fractionation from Plasma 279
Peter Feldman, Lowell Winkelman, Helen Evans, Martin Pinnell, Fiona Murdoch, James K. Smith

The Effect of Citrate Anticoagulants on Apheresed Plasma 287
Jennifer Duguid, Lowell Winkelman, Peter Feldman, Anna-Maria Brady

Fractionation of Plasma Derived from the Baxter Autopheresis-C and Haemonetics PCS 295
D. R. Collins, C. C. Entwistle, P. A. Feldman, L. Winkelman, H. Evans, G. E. C. Sims

Fractionation of Plasma Apheresed Using a New Toroidal Centrifugal Device, MSE SPC 600 301
V. J. Martlew, A. E. Robinson, A. Penny, L. Winkelman, P. A. Feldman

Fractionation of Plasma Recovered from Blood Collected by Metered Anticoagulation 305
A. F. Penny, A. Townley, A. E. Robinson, M. Pinner, L. Winkelman, P. A. Feldman

An Attempt to Resolve Whether Platelet Contamination Affects Plasma Fractionation Products 311
A. F. Penny, S. C. Munford, A. E. Robinson

Pilot Scale (300 kg) Fractionation of Plasma for Factor VIII and Factor IX 313
David Evans, Tracey Walker, Helen Evans

INTERNATIONAL FORUM: Apheresis Activities: The International Scene **321**
Helmut Borberg

LETTERS TO THE EDITOR **323**
John Verrier Jones

REGULAR PAPERS

Evaluation of Two Commercially Available Photometers for Blood Donor Haemoglobin Measurement **331**
P. A. Bayer

Plasma Exchange for Rhesus Haemolytic Disease: Outcome and Follow-up of Pregnancies Over a 10-yr Period **337**
Lorna M. Williamson, Virge James, Sheila L. B. Duncan, Michael F. Smith

Drug Resistant Pyoderma Gangrenosum Successfully Treated with Therapeutic Plasma Exchange **349**
R. Bambauer, U. Weber, H. Schäfer, F. Bahmer
